LINOTYPE IMPROVEMENT INFORMATION SHEET

NO. 251

SPACEBAND LEVER PAWL GUIDE

The spaceband lever pawl guide has been redesigned. The new construction provides a wider bearing surface than the old spaceband lever pawl screw and eliminates the tendency of the spaceband lever pawl to wear a depression in the intermediate channel back plate.

APPLIED IN FACTORY TO MODELS

All new 30 em Models of 27-28-29-30-31-32 Series.

OUTSTANDING MODELS

Can be applied to outstanding 30 em Models equipped with Spaceband Lever Pawl Guide Rail by substituting B-859.

First applied to Model 32(4)(90), Serial #53172
