

LINOTYPE IMPROVEMENT INFORMATION SHEET

NO. 262

POINT SCALE ON KNIFE BLOCK (ASSEMBLED) (KNOB TYPE)

A Point Scale having black depressed characters and a satin finish background has been adopted for the knob type universal knife block (assembled). This will provide a standard scale for both domestic and foreign machines. It is for the purpose of keeping the characters clear and distinct thereby eliminating poor visibility caused by a worn black enamel background as occurs occasionally with the present scale.

APPLIED IN FACTORY TO MODELS

All new Models of 29-30-31-32-33 and Supplemental Models 5-8-9-14-25-26.

OUTSTANDING MODELS

Can be applied to outstanding models, equipped with knob type universal knife block (assembled) by substituting E-3284.

First applied to Model 29(4)(72-90), Serial #53428.
