

LINOTYPE IMPROVEMENT SHEET

*Mr. R. J. Comstock*

NO. 295

- F-8308 - REGULAR
- F-8306 - USE WITH OLD BASE & EMERSON MOTOR
- F-8307 - USE WITH OLD BASE & CLINE OR G.E. MOTOR
- F-8309 - MODEL 8E, 9 & 14E

AIR COOLED MOLD BLOWER

The Air Blower has been redesigned to eliminate disconnecting the Blower Tube when the Mold Disk has been moved out beyond the normal operating position. Rigidity of construction eliminates possible loss of Air and increases efficiency of the system.

APPLIED IN FACTORY TO MODEL

All new 30 & 42 Em Machines.

OUTSTANDING MACHINES

Can be applied to all outstanding 30 & 42 Em Machines. See Mailing Sheet #505 & List No. 408.

First applied to Model 5 - Serial #61348

MERGENTHALER LINOTYPE COMPANY, Brooklyn, N.Y.

October 17, 1949.

No. 295

Printed in U.S.A.
