

LINOTYPE IMPROVEMENT SHEET

No. 304

OLD CONDITION

NEW CONDITION

WISE JAW CONTROL ROD LATCH RACK SLIDE HANDLE SUPPORT (D.Q. & C.)

This support has been adopted to prevent the Pin on the Rack Pointer from becoming disengaged with the handle.

APPLIED IN FACTORY TO MODELS

All (30 Em) Machines equipped with Self Quadder.

OUTSTANDING MODELS

Can be applied to all outstanding (30 Em) Machines equipped with Self Quadder by removing the (two) Screws D-1402 and replacing with Support E-4990 and (two) Screws D-34.

First applied to Model 5, Serial No. 63780

MERGENTHALER LINOTYPE COMPANY, Brooklyn, N.Y.
