E-4353 (six pocket)

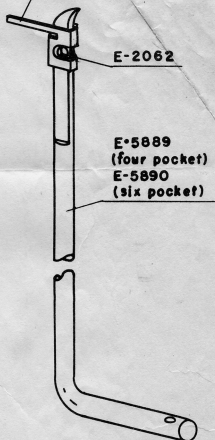

OLD CONDITION

E-5888

NEW CONDITION

E-5888

E-5891 (four pocket)
E-5892 (six pocket)

IMPROVED KNIFE WIPER ASSEMBLY

The new Wiper E-5888 is designed with flanges which securely grip the Knife Wiper Bar and prevent the Wiper from twisting, eliminating the need for the two E-4692 Pins formerly used. The new Knife Wiper is for use on both Four and Six Pocket Mold Disk machines.

APPLIED IN FACTORY TO MODELS

All new Machines.

OUTSTANDING MODELS

Can be applied to Outstanding Machines.
