

LINOTYPE IMPROVEMENT SHEET

NO. 321

F-7957

POT MICRO-THERM ELECTRIC SWITCH (F-7957)

The Micro-Switch has been redesigned for greater switch contact pressure to minimize contact fluttering and current arcing.

APPLIED IN FACTORY TO MODELS

All New Machines with Micro-Therm Electric Pots.

OUTSTANDING MACHINES

Can be applied to Outstanding Machines with Micro-Therm Electric Pot.

MERGENTHALER LINOTYPE COMPANY, Brooklyn, N.Y.
